OF
CHOICE TREES & PLANTS

adapted to our soil and climate. Send for new abridged descriptive catalogue and price list, or better still, call and see for yourself, and don't be gulled any longer by agents from foreign nurseries, into buying stock of them at extravagant prices, but buy the same and better stock of me for less, and by so doing you will enable me to keep a nursery in your own community, suited to your wants. My varieties are the very best and well grown and in good stock. Don't fail to plant.

Don't forget that our eastern neighbors are feeding apples to stock with good results, whilst we have only a scanty supply for family use. Also the eastern farmers have their barrels of elder and an abundance of the best apple vinegar, and here either is a rarity with the majority of families. And yet we must all cultivate more land than is profitable and have often an abundance of waste and worn out lands that could be made profitable if set in trees, besides improving the condition of the land.

"ST. NICHOLAS is full of the choicest things. The publication is, in all respects, the best of its kind. We have never yet seen a number that was not surprisingly good."—Churchman, Hartford, Conn.

ST. NICHOLAS FOR 1877, which opens with November, 1876, begins a short and very entertaining serial from the French, "The Kingdom of the Greedy," a story adapted to the Thanksgiving season. Another serial of absorbing interest to boys,

"His Own Master," by J. T. Trowbridge, author of the "Dark Hazard Stories," begins in the Christmas holiday number.

Besides serial stories, Christmas stories, fairy sketches, poems and pictures for the holidays, and some astonishing illustrations of Oriental sports, with drawings by Japanese artists. The Christmas Holiday Number of St. Nicholas, superbly illustrated, contains a very interesting paper,

"THE BOYS OF MY BOYHOOD,"

By William Cullen Bryant.

Do not fail to buy St. Nicholas for the Christmas Holidays. Price 25cts.

During the year there will be interesting papers for boys, by William Cullen Bryant, John G. Whittier, Thomas Hughes, William Howitt, Dr. Holland, George Macdonald, Sanford B. Hunt, Frank R. Stockton and others.

There will be stories, sketches and poems of special interest to girls, by Harriet P. Spofford, Susan Coolidge, Sarah W. Kellogg, Elizabeth S. Phelps, Louisa Alcott, Loretta P. Hale, Celia Thaxter, Mary M. Dodge and many others. There will be also

"Twelve Sky Pictures," by Prof. Proctor, the Astronomer, with maps, showing "The Stars of Each Month," which will be likely to surpass in interest any series of popular science recently given to the public.

Amusement and instruction with fun and frolic and wit and wisdom, will be mingled as heretofore, and St. Nicholas will continue to delight the young and give pleasure to the old.
